## Fee notes & terms

- Fees are per apprentice and based on remote assessment. Please ask about face-to-face options if required.
- Apprenticeship assessment (EPA) is exempt from VAT — we do not charge VAT on assessment.
- We aim to keep our fees transparent and fair. We reserve the right to amend fees, but aim to hold them until 1 January 2027; contracted providers receive at least three months' notice of any increase.
- Different versions of a standard may be priced individually; the applicable fee reflects the assessment plan version in place at the apprentice's start date. Where two versions are priced differently, both are listed above.
- Re-sit / re-take fees are usually charged per element (e.g. one of three components = approximately one third of the overall fee).
- Assessments are processed via EPA Pro (Proficient) or ACE360 — providers may choose either platform.
- Volume discounts are available for cohort bookings.
